

MF 7S SERIES // 155-210 HP

ACHIEVE BETTER TOTAL COST OF OWNERSHIP

MASSEY FERGUSON

BORN TO **FARM**

POWERFUL DESIGN UNMATCHED PRODUCTIVITY

The Ultimate Chore Tractor

STRAIGHTFORWARD, SMART FARMING

- » Choose from two terminal options to suite your needs: Fieldstar 5 or Datatronic 5
- » Save money, increase efficiency with field proven technology including MF Guide, MF Section and Rate Control, MF TaskDoc and MF Connect

DESIGNED FOR PERFORMANCE AND RELIABILITY

- » Simplify ownership with MF Always Running, for predictable costs, guaranteed uptime and built-in dealer support keeping you productive during critical operating windows
- » Choose the transmission that best fits your needs: Dyna-6—24x24 semi-powershifts, Dyna-VT—Stepless shifting
- » Powered by an AGCO Power™ six-cylinder, 6.6-liter engine
- » “All-in-One” emission system cuts ownership costs and improves visibility from the cab

ACHIEVE A BETTER COST PER HOUR WITH THE MASSEY FERGUSON® 7S SERIES.

The MF 7S Series offers features designed for ultimate efficiency and reduced operating costs, along with exceptional operator comfort to help you accomplish more, no matter the task. With the latest dependable technology, low fuel consumption, impressive traction and lift capacities, and low maintenance costs, the MF 7S Series enhances the profitability and efficiency of your farming operation.

RECEIVE A LIFETIME OF SUPPORT.

With Massey Ferguson, you can count on personalized, responsive support from our network of dealers throughout the lifetime of your machine.

ASK YOUR DEALER FOR DETAILS ABOUT AGCO PARTS AND SERVICE.

CHORE WORK MADE SIMPLE

- » Excellent visibility and easy-to-use controls make chore work nearly effortless
- » Power control shuttle lever gives you simple multifunction power control
- » Optional MultiPad puts all the controls you need right in the palm of your hand
- » Maximize your efficiency with Automatic Mode which automatically upshifts, and downshifts based on the load of the tractor
- » Stay comfortable on long working days with cab and front-axle suspension options
- » Up to 16 LED work lights *(optional)*

WORK FASTER WITH THE TOUGHEST IMPLEMENTS

- » 50 gal/min hydraulics provide some of the best performance in the industry
- » Up to five spool valves to the rear and two to the front help you make the most of demanding implements
- » Optional Front Linkage System and front PTO allow for additional implement attachments, increasing efficiency

THE RIGHT FEATURES FOR YOUR OPERATION.

The MF 7S Series features two configurations to meet your power and performance needs.

	COMFORT	EFFICIENCY	CONNECTIVITY
ESSENTIAL STANDARD	Brake-to-Neutral	T-lever transmission operation	MF Connect
	Telescopic, wide-angle wing mirrors	Dyna-6 Super-Eco—25 with standard automatic mode	ISOBUS
	Multifunction armrest with MultiPad	Engine speed memory A	Fieldstar 5 terminal
		Dyna-6 Super-Eco 25 mph Eco transmission	
ESSENTIAL OPTIONAL	Mechanical passive cab suspension	Closed center, load sensing hydraulics	
	Front axle suspension	Three mechanical spool valves	
		Integrated Front Linkage System and PTO	MF Guide system with advanced guidelines
		Dyna-6 Eco 31 mph transmission*	MF Section & Rate Control
EFFICIENT STANDARD		Loader ready from factory with multifunction mechanical joystick	MF TaskDoc Pro recording all job's data exchange
		Four mechanical spool valves	
	COMFORT	EFFICIENCY	CONNECTIVITY
	Mechanical passive cab suspension	Dyna-6 with Automatic Mode or Dyna-VT 25 mph Super Eco transmissions	MF Connect
Telescopic, wide-angle wing mirrors	Cruise control and Brake-to-Neutral	Datatronic 5 touch-screen terminal 9-inch <i>(with tractor settings management & ISOBUS integrated, camera & MF Guide compatible)</i>	
Multifunction armrest with new MultiPad	Closed center 29 gal/min hydraulics		
	Electrical and mechanical spool valves		
	Engine speed memo A or B		
	Two electrical spool valves with electrical micro-joystick and two mechanical spool valves		
EFFICIENT OPTIONAL	Mechanical active cab suspension	31 mph* Dyna-6 Eco with Supercreeper or 31 mph* Dyna-VT	FieldStar 5 terminal
	Front axle suspension	Integrated Front Linkage System and 1,000 rpm front PTO	MF Guide system with advanced guidelines
	16 LED working lights	Loader ready from factory with multifunction electrical joystick	MF Section & Rate Control
	Heated, electric-adjust mirrors	Closed center load sensing hydraulics with 39 or 50 gal/min.	MF TaskDoc Pro recording all jobs' data exchange

*Depending on market/legislation

TECHNICAL SPECIFICATIONS

		MF 7S.155	MF 7S.165	MF 7S.180	MF 7S.190	MF 7S.210
ENGINE						
Engine type		AGCO Power with "All-in-One" technology				
Maximum power	ISO HP (kW)	155 (114)	165 (121)	180 (132)	190 (140)	210 (157)
Engine rpm at maximum power	rpm	1950				
Rated PTO HP	HP	115	125	139	143	163
Maximum power with EPM	HP	175 (129)	185 (136)	210 (154)	220 (162)	220 (162)
DYNA-6 TRANSMISSION						
Number of gears (Fwd x Rev)	Fwd x Rev	24 x 24			—	
DYNA-VT TRANSMISSION						
Type		Stepless, continuously variable transmission				
REAR LINKAGE AND HYDRAULICS						
Maximum lift capacity, at link end	lbs.	21,164				
Standard hydraulic system	gal/min	Closed center load sensing 29 gal/min				
Optional hydraulic system	gal/min	Closed center load sensing 39 gal/min or 50 gal/min				
Independent Front Linkage and Front Power Take-Off						
Maximum lift capacity, at link end	lbs.	7,055
