

KINZE®

PLANTER INSPECTION

When you know that your planter is ready for the 2027 season, you can breathe a little easier. Get ahead of the planting season now. Planter inspections begin immediately after planting to help maximize availability and minimize downtime.

\$246 INSPECTION PLUS \$30.75 PER ROW

- 100 point inspection
- All corn meters run on the test stand (\$500+ value for free!)
- 10% discount on parts and service performed
- No repairs completed without prior approval
- Ask us about our Parts Pre-pay Programs!
